

Re: Docket# 98N-1038, "Irradiation in the Production, Processing,  
and Handling of Food."

I want the FDA to continue prominent labeling of food that has  
been treated with Irradiation. The label should be conspicuous and  
include the logo for Irradiation. 6471 '99 MAY 24 P2:18

Additional comments: I don't want to buy  
irradiated food. I need a clear  
label to enable me to make this choice.
